

7.3 PARTS LIST

EQUIPMENT

PART NO.

054910	Dust proofing boot kit
054872	Silicone boot
052893	Dust shield, red, silicone
054873	Sealing diaphragm, neoprene
054874	Sealing diaphragm, silicone rubber
054879	Preamplifier, HM361, internally mounted version
051885	Linear voltage differential transformer (LVDT) with core
052508	Disk membrane protector
054370	Dampening oil, 0.5 liter
054912	Dampening kit, measuring (horizontal) and vertical, 220 VAC
054911	Dampening kit, measuring (horizontal) and vertical, 110 VAC
054913	Dampening kit, vertical, 220 VAC
054877	Dampening kit, vertical, 110 VAC
054878	DE 10 housing, bottom polyurethane
054909	DE 10 housing, top polyurethane
	Pressure compensation kit
	DME 250 Weighing Transmitter
051746	Power supply board, 110 VAC
051744	Sensor power supply board
051769	Display board
051783	Control board without EPROM
051888	DME 250 software, English language, US units
051889	Test unit, 110V/115/127 VAC
053896	Test unit, 230V/240V/250V
