As the manufacturer's authorised representative established within EEA, we declare that the product is in conformity with the provision of the EC directives:

Lov Voltage Directive (LVD) 2006/95/EG

The product fulfils the requirements according to the following harmonised standards:
EN 61558-2-13

All transformers have been inspected and tested with approved result according to the following:

1. Ocular inspection
2. No-load input current
3. No-load secondary voltage
4. Dielectric strength between primary and secondary windings

The product is to be regarded as a modular component to be used in an electric apparatus that in turn has to fulfil the EMC - directives.

The product itself does not need to be EMC approved for CE marking according to directive 2004/108/EG
